

About the Dietmar Hopp Stiftung (Foundation)

The Dietmar Hopp Stiftung (Foundation) was founded in 1995 in order to support the implementation of non-profit, charitable projects. The foundation's assets consist mainly of SAP shares contributed by Dietmar Hopp from his private property. The Dietmar Hopp Stiftung is one of the largest private foundations in Europe.

The main activities focus on the Rhine-Neckar metropolitan region, to which Dietmar Hopp feels very connected. Upon application, the foundation may support projects of non-profit-organisations in the fields of youth sports, medicine, social affairs and education, in the Rhine-Neckar region only. The application guidelines are available on our website. Corresponding applications can be submitted to the foundation's office in St. Leon-Rot.

In addition, the Dietmar Hopp Stiftung implements its purposes by charitable projects of its own. The so far biggest project encourages under the slogan "alla hopp!" all generations to engage in more physical exercise: The foundation built facilities for exercise for a total value of € 45 million and donated them to 19 towns and municipalities in the region.

The Dietmar Hopp Stiftung is member of the Bundesverband Deutscher Stiftungen e. V. (Association of German Foundations), of the Verein Zukunft Metropolregion Rhein-Neckar e. V. (Association of the Rhine-Neckar region) and of the Sportregion Rhein-Neckar e. V. (Association of the sports region).
